No. 6-Pres./65.—The President is pleased to award the Police Medal for gallantry to the undermentioned officer of the Uttar Pradesh Police :—

Name of the officer and rank

Shri Megh Singh,
Constable No. 317, Civil Police,
District Etah, Uttar Pradesh. (Deceased)

Statement of services for which the decoration has been awarded.

On the night of the 20th February, 1964, at about 10 P.M. while Constable Chob Singh, Constable Megh Singh and Constable Mohd. Hafiz and four gun licencees, were on patrol duty in Nagla Bhur, reliable information was received that the notorious dacoit Bhup Singh was hiding in the village. The constables quickly followed up the clue and located Bhup Singh in the house of one Ram Nath Ahir. Constable Chob Singh, along with two others, took up position near the well in front of the house, while Constable Mohd. Hafiz, along with two others, took a position towards the back of the house. Constable Megh Singh took upon himself the most difficult task of making a frontal attack. He went into the compound of the house alone and challenged the dacoit, but was greeted by a shot which narrowly missed him. Undeterred, Constable Megh Singh stood in the open and coolly returned the fire. The dacoit then advanced and fired another shot from very close range, which hit Constable Megh Singh killing him instantaneously. A gun-duel ensued in which the dacoit Bhup Singh was killed and a gun and 10 live cartridges were recovered.

In this encounter, Constable Megh Singh displayed initiative, courage and deep devotion to duty in the performance of which he gave his life.

2. This award is made for gallantry under rule 4(i) of the rules governing the award of the Police Medal and consequently carries with it the special allowance admissible under Rule 5, with effect from 20th February, 1964.

No. 7-Pres./65.—The President is pleased to award the Police Medal for gallantry to the undermentioned officers of the Uttar Pradesh Police :—

Names of the officers and ranks

Shri Suresh Singh,
Sub-Inspector of Police,
Fatehpur District, Uttar Pradesh.

Shri Yagya Dutt Rai,
Sub-Inspector of Police,
Fatehpur District, Uttar Pradesh

Statement of services for which the decoration has been awarded.

On receipt of information of the presence of dacoit Raghu-raj Ahir, who was wanted in a number of cases of murder and dacoity, in village Bale Ka Purwa, Sub-Inspector Suresh Singh, Station Officer, Police Station Khakreru, along with Sub-Inspector Shri Yagya Dutt Rai, and a posse of police rushed to the village on the 22nd November, 1963. On learning that the gang had left a little earlier, they stayed in a house in the village unobtrusively till the 23rd November, 1963 when information was again received that the gang was to assemble in a barn. The police party divided itself into two groups and lay in ambush around the barn. Sensing the presence of the police, the gang opened fire, upon which a gun battle ensued, which lasted for about two hours and in the course of which Sub-Inspector Yagya Dutt Rai received a bullet injury in his leg. Notwithstanding the injury, he continued firing and prevented dacoit Raghu-raj Ahir from slipping away. Sub-Inspector Suresh Singh, unmindful of the grave risk to his life, rushed to the rescue of Sub-Inspector Yagya Dutt Rai in the face of firing from the dacoits and also received gun-shot injuries in his chest, thigh and left arm. In spite of their injuries both continued the attack in the course of which dacoit Raghu-raj Ahir was shot dead. The other members of the gang, however, succeeded in slipping away leaving behind the 12 bore gun and bag of cartridges of their leader.

In this encounter, Sub-Inspector Suresh Singh and Sub-Inspector Yagya Dutt Rai exhibited courage, leadership and a high sense of duty.

2. These awards are made for gallantry under rule 4(i) of the rules governing the award of the Police Medal and consequently carry with them the special allowance admissible under rule 5, with effect from the 23rd November, 1963

No. 8-Pres./65.—The President is pleased to award the Police Medal for gallantry to the undermentioned officer of the Maharashtra Police :—

Name of the Officer and rank

Shri Ramchandra Bandoba Gharal,
Sub-Inspector of Police,
Poona City, Maharashtra.

Statement of services for which the decoration has been awarded.

On July 12, 1961, the Panshet Dam burst, causing unprecedented floods in certain areas of Poona City and District. Shri Ramchandra Bandoba Gharal, Sub-Inspector of Police, who was then attached to the Deccan Gymkhana Police Station in Poona City, along with the other staff, moved about in his area wading and swimming through the fast-flowing flood waters, in order to rescue and evacuate persons from the affected buildings, to safer places. While engaged in these operations, he heard shouts of help coming from the direction of Karve Road. He immediately jumped into the water and swimming hard against the strong current for about 100 yards, he eventually succeeded in reaching the spot and rescued a woman swimming back with her to a safer place. The level of water had risen dangerously, but by sheer courage Sub-Inspector Gharal was able to get the woman to safety.

During these operations Sub-Inspector Gharal displayed great courage, initiative and a high sense of duty in utter disregard of his personal safety. He was a source of inspiration to his men who, under his leadership, were able to evacuate several persons to safety.

2. This award is made for gallantry under rule 4(i) of the rules governing the award of the Police Medal and consequently carries with it the special allowance admissible under rule 5, with effect from 12th July, 1961.

On receipt of a complaint against one Sardar Mohammad of village Islamnagar and his son Gul Mohammad, the Station Officer, Police Station Gunga, left for village Chopra on 11-6-1964 along with a few constables to investigate the matter. Having learnt that Sardar Mohammad had gone to a nearby river, the Sub-Inspector and his party went towards the river and tried to arrest him. Sardar Mohammad who was a desperate character resisted the Police officers, raising his loaded gun and threatening to shoot them. At the same time he moved backward into the river to avoid being arrested. Thereupon Constable Suraj Bhan Singh entered the river and, at great risk to his life, slowly approached Sardar Mohammad and tried to catch hold of him and deprive him of his gun. Sardar Mohammad fired point blank at the Constable and bolted. Constable Suraj Bhan Singh died within a few minutes. Later the Police party located Sardar Mohammad and in the ensuing gun battle Sardar Mohammad was killed.

During this encounter, Constable Suraj Bhan Singh showed exemplary courage and initiative and devotion to duty even at the cost of his own life

MINISTRY OF STEEL & MINES

(Department of Iron & Steel)

PUBLIC NOTICE

New Delhi, the 4th January 1965

SUBJECT :—Introduction of I.S.I., Certification Marks Scheme for Steel.

No. 5C(C)-2(44)/63-II.—At present the prime quality steel, which is produced according to the various specifications, are categorised into two classes 'tested' and 'untested'. To qualify for price as Tested Steel, the material is to be supplied with a copy of Test Certificate recognised by the Government of India. Barring a few exceptions like Lloyds Test Certificate for Shipbuilding Plates, Test Certificates for tested steel are issued by D.I. (Met), an Officer of the D.G.S.&D. Organisation.

2. The Indian Standards Institution (I.S.I.) have drawn up a series of specifications for various steel products in general use. I.S.I. have also been authorised to introduce a Certification Marks Scheme. This enables the producers themselves to certify the products conforming to an approved I.S.I. specification, the I.S.I. having authority to periodically check the production to ensure that the products comply with the requirements of the specifications. In the case of steel, I.S.I. have appointed the D.I.(Met) as their agent for carrying out these test checks and for ensuring that the steel produced by the licencees complies with all the requirements of the I.S.I. specifications. Government have now decided that with effect from 1-4-1965, the I.S.I. Certification Marks Scheme should be gradually introduced. In the beginning, the Scheme will cover only the following current specifications and may later on be extended to cover all steel products and will include all specifications for which the producers are licensed by the I.S.I.

- (i) IS. 226—1962.
- (ii) IS. 1977—1962.
- (iii) IS. 961—1962.
- (iv) IS. 432—1960.
- (v) IS. 2062—1962.
- (vi) IS. 513—1954.
- (vii) IS. 277—1962.
- (viii) Drafted specification Nos. DOC:SMDC. 5(571) and DOC:SMDC. 5(572).
- (ix) IS-1148—1957.
- (x) IS-1149—1957.
- (xi) IS-2073—1962.
- (xii) IS-1875—1961.
- (xiii) IS-1079—1958.
- (xiv) IS-1029—1956.
- (xv) IS-280—1962.
- (xvi) IS-279—1961.

3. The salient features of the scheme are laid down below which are intended to give a fair outline sketch and should not be considered as exhaustive and self-complete :—

- (a) The prime quality steel produced under this scheme shall be classified into three categories viz., Standard i.e. IS. 226-62, Commercial e.g. IS-1977, and Off grade. The Standard and Commercial specifications must be produced according to the standard and Commercial specifications laid down by the I.S.I. and the materials supplied must be covered by a copy of the Test Certificate bearing the ISI mark to be issued by the Works concerned. The Off-grade steel will be those which do not conform either to the Standard or Commercial specifications laid down by the I.S.I.
- (b) The Scheme should be introduced in respect of all Main Producers and those Registered Re-rollers and Secondary Producers who are approved by the D.G.S.&D. However, for Registered Re-rollers and Secondary Producers who have no testing facilities of their own the testing for the Standard and Commercial specifications will be carried out by D.I. (Met) on payment of usual fees.
- (c) To enable the Producer and Registered Re-rollers and Secondary Producers to produce steel according to this scheme, it is necessary for them to apply for and obtain necessary licences for I.S.I. certification marking from the I.S.I. authorities. They were requested to do so in Iron & Steel Controller's Circular No. AP/Cir/12/63, dated the 9th December 1963.
- (d) In cases where the I.S.I. have not so far laid down commercial specification in addition to Standard specification the existing untested steel will be sold as such. No Test Certificate for such untested steel would be necessary.
4. (a) Tested steel lying in stock with the Producers including Registered Re-rollers and Secondary Producers, Stockists etc. as at midnight of 31-3-65/1-4-65 should be sold at Standard Steel prices.

(b) Untested steel lying in stock with the Producers including Registered Re-rollers and Secondary Producers/Stockists etc. as at midnight of 31-3-65/1-4-65 may be sold as untested steel at the untested steel price as on 31-3-65, but upto 30-9-65 only.

5. As regards outstanding indents planned on the Producers, against indents for 'tested' steel Producers will be free to supply 'tested' or 'Standard' steel, as available. Against outstanding indents for untested steel, producers will supply untested steel to the extent lying in their stock at the untested steel price as on 31-3-65. The indentors must let the producers know on or before 1-3-65 as to whether they are prepared to accept against the outstanding indents of untested steel, steel according to the revised I.S.I. Commercial specifications. If no intimation from the indentors is received within the above period the producers will execute such order, subject to availability as untested steel (upto 30-9-65) or IS-1977. ST-32.

6. All producers including re-rollers and secondary producers and all Controlled Stockists should declare to the Iron & Steel Controller their stock balance of the items of steel concerned as at midnight of 31-3-65/1-4-65 showing tested and untested stock separately. A monthly report should also be furnished on the 1st week of each month commencing from report for April 1965 to be furnished in 1st week of May, 1965 showing the despatches during the month and the balances at the end of the month.

7. In respect of those specifications for which the scheme is now being introduced, no order shall be booked by any Producer/Registered Re-roller/Secondary Producer who come under this scheme, from 1-4-65 for supply of steel according to tested/untested categories and/or non I.S.I. specifications. Production of steel according to tested/untested categories and/or non I.S.I. specifications shall also be discontinued from 1-4-65 in respect of those specifications for which the scheme is now being introduced. However, in cases of steel materials required for export purposes or indented for fabrication of Engineering Goods for export purposes the Producer may accept orders for non I.S.I. specification even though the corresponding I.S.I. specifications are already covered by the Scheme now being introduced.

8. Any special testing like Lloyds testing etc. required by any indentor would be outside the scope of this scheme and for such testing, existing arrangement should continue.

9. The revised prices with effect from 1-4-65 for the items of steel covered by the scheme will be announced in due course.

10. As stated in para 2 above, the scheme is now being only partially introduced in respect of I.S.I. specifications mentioned therein. For items which are not covered by the above specifications, the existing system of classifying the items as tested and untested steel will continue and for tested materials the Test Certificates would continue to be furnished by D.I. (Met)/other authorities recognised by Government. As and when the Producers become ready to introduce the revised I.S.I. specifications in relation to such items of steel, necessary Government orders would be issued.

MINISTRY OF IRRIGATION AND POWER**RESOLUTION***New Delhi, the 6th January 1965*

No. DW/II-1(18)/64.—Over a million acres are being irrigated at present by the Delta Canal System taking off from the Godavari Anicuts at Dowlaishwaram in Andhra Pradesh. Proposals have been under consideration of Andhra Pradesh Government to install 6 feet drum gates over this Anicut to extend irrigation in the delta taking advantage of the regulated releases from storages higher up across the main Godavari and its tributaries. Doubts have been expressed about the structural stability and safety of the existing anicut for such an installation of gates. Preliminary studies carried out by the State Officers as well as by the Central Water & Power Research Station, Poona, indicated that the Anicuts were not immune from damage even at the existing pond level conditions and that, therefore, it may not be desirable to contemplate any additional increase in the pond level. Further studies were indicated for the immediate safety of the structure

as well as for its replacement by a new structure at an early date. Considering the importance of the Godavari Delta System in the country's economy, especially of food production, there is an urgent need for ensuring the structural safety of the Anicuts as well as the improvement and extension of the canal system. The Government of India have, therefore, in consultation with the Government of Andhra Pradesh, decided to constitute an Expert Committee to advise on—

- the condition of the existing anicuts across the Godavari at Dowlaishwaram in Andhra Pradesh;
- immediate measures, if any, for preventing damage to the structure;
- the necessity for undertaking the construction of a new structure, preferably a barrage, to feed the existing Godavari Canal system as well as to extend irrigation taking advantage of the regulated flows in the Godavari river;
- appropriate location, suitable design, schedule of construction and other particulars of the new structure, if the same is found necessary; and
- any other ancillary matters that the Committee may consider desirable.

2. The Members of the Committee will be—**Chairman**

Shri A. C. Mitra.

Irrigation Adviser to the Government of Uttar Pradesh.

Members

Dr. D. V. Joglekar,
Honorary Consultant,
Ministry of Irrigation & Power.

Shri A. K. Char,
Chief Engineer, Rana Partap Sagar,
Kota.

Member-Secretary

Shri C. L. Handa,

Member,

Central Water & Power Commission.

3. The Committee shall submit its report within three months.**ORDER**

ORDERED that the Resolution be communicated to the Government of Andhra Pradesh, the Ministries of Finance, Transport and Food & Agriculture, the Comptroller and Auditor General of India, Prime Minister's Secretariat, Cabinet Secretariat, the Secretary to the President and the Planning Commission for information.

ORDERED also that the Resolution be published in the Gazette of India and the Government of Andhra Pradesh be requested to publish it in the State Gazette for general information.
